

SANJAY PADMARAJ

Student at New Horizon College Of Engineering

☎ +91 6363257248

✉ padmarajsanjay@gmail.com

📍 Banyan Tree Apts, Bangalore-560103

ABOUT ME

Engineering student and passionate software developer with a good foundation in Python, web development and machine learning. Skilled at building “useful things with code” and eager to contribute in dynamic, technology-driven roles.

EDUCATION

B.E. (CSE) - 1st year [CGPA - 9.75] New Horizon College of Engineering

Class XI - XII Geetanjali Olympiad School

Class II - X New Horizon Gurukul

ACHIEVEMENTS

Patent

Provisional Patent Holder – Smart Blind Stick for Visually Impaired Individuals.

- Developed an AI and IoT-enabled assistive device for visually impaired individuals.
- Designed dual mobile applications for users and caregivers to enable real-time monitoring and communication.
- Integrated obstacle detection and navigation assistance using sensors and embedded systems.
- Leveraged AI and IoT technologies to improve user safety and accessibility.
- Resulted in a provisional patent filing.

Competitions

- 2nd Place – QuantumX Intercollege Hardware Tech Expo 2026
- 1st Place – E=mc² Stem Expo 2026
- 3rd Place – Nexgen Convergence Hardware Hustle- Tech Expo
- 1st Place – Algo Relay NHCE MCA Dept.
- 1st Place – UDAAN Intra-Institutional Business Plan Competition 2026

Leadership & Activities

- Active Member of the STEM Club, NHCE 2025-2026
- Host of the International IEEE Conference (ICEMCSI) held in June 2026
- Volunteer in BBMP Census Of India 2027

PROJECTS

STEM Club Website *New Horizon College Of Engineering*

- Designed and developed the official responsive website for the NHCE STEM Club using wordpress.
- Collaborated with the Department to maintain the website, ensuring reliable access to club resources and updates.
- Improved the club's online visibility by creating a structured platform for announcements and student participation.
- Live Website: <https://newhorizonindia.edu/co-curricular/stem/>

AI Chatbot using RAG and LLMs

- Built a Retrieval-Augmented Generation (RAG) chatbot using Hugging Face LLMs.
- Implemented effective prompt engineering to improve response accuracy.
- Deployed the chatbot on the official STEM Club website for student support.
- Live Website: <https://newhorizonindia.edu/co-curricular/stem/>
- GitHub: <https://github.com/123sanjaypadmaraj/stem-llm.git>

AI Data Assistant

- Developed an AI-powered assistant for NL Interactions with datasets.
- Automated exploratory data analysis (EDA), visualizations, and statistics.
- Integrated LLMs with Streamlit to generate actionable insights from given data.
- Technologies: Python, Ollama models, Matplotlib, Streamlit, LLMs
- GitHub: https://github.com/123sanjaypadmaraj/AI_Data_Assistant.git

LinkedIn Profile Matcher

- Built an AI application to evaluate LinkedIn profiles against job descriptions.
- Used NLP to extract skills and generate profile compatibility scores.
- Recommended missing skills and improvements to increase job relevance.
- Technologies: Python, NLP, Pandas, Streamlit, Scikit-learn, Ollama models
- GitHub: <https://github.com/123sanjaypadmaraj/LinkedIn-Profile-Matcher.git>

Certifications

Data Analytics by IITM : Gained realtime experience in handling real world data, performing EDA and seeing realtime insights.

AI in Physics by IITM : Gained knowledge on realtime usage of AI in physics along with learning how to deal with missing data.

SKILLS

- Languages: Python, C(Basic)
- Hardware: IoT Systems, Sensor Integration
- Tools: Git, GitHub
- AI/ML: RAG, LLM Applications, Ollama, Pandas, NumPy
- Web Development:(Basics) HTML, CSS, Javascript
- Soft Skills: Proficiency in 3 Indian languages and English
